The year 2023 was marked as the 16<sup>th</sup> years of ars86care foundation contribution to Child's Right fulfillment and Quality Early Childhood Education in Indonesia. We would like to thank you all for your continued support to our cause.

The support impacted under privileged communities in Demak, Grobogan, Boyolali in Central Java, and Gunungkidul in Yogyakarta. Through the Space to Build - school program, Two villages' kindergarten school community in Kropak village and Dapurno village in Grobogan, Central java benefitted new building infrastructures funded by Symphasis foundation, Moda for Hope and Individual Donors. 224 teachers in Boyolali had been trained in Character Buildings, Inquiry Based Learning, Child-Oriented Learning as an additional method to the Merdeka Curriculum. The trainings were conducted in two locations at Boyolali in cooperation with Boyolali Municipality Education Body, Indonesia Kindergarten Teachers Associations, Indonesia Early Childhood Group, ars86care Teachers Partner.

The Hero within You 2 and Anak Indonesia Berbagi Bahagia 3 were also held in 2023 and had become our annual Public Awareness event. We also conducted 10K virtual charity Run for School. The finish line was conducted in cooperation with Taman Wisata Alam Angke Kapuk, the last Mangrove Conservations in northern part of Jakarta, where ars86care with Holistic Integrative National Coalition of Early Childhood Education committed to Climate Action for the Early Childhood Development.

We would like to send you our sincere gratitude, since we could not have done it without you, our generous donors. Let's build the mind of the future!
